

Memory

The memory cards are used in some of the scholarly games mentioned in the *Teacher's Guide*. It is recommended to make two sets of each category, since for some games you need two pictures of the object or the sign instead of one picture of the object and the sign.

Equipment

- 3 or 6 boxes for the memory sets
- Two copies of the pictures templates
- Scissors
- Glue
- 144 wooden tiles
- Varnish

How to

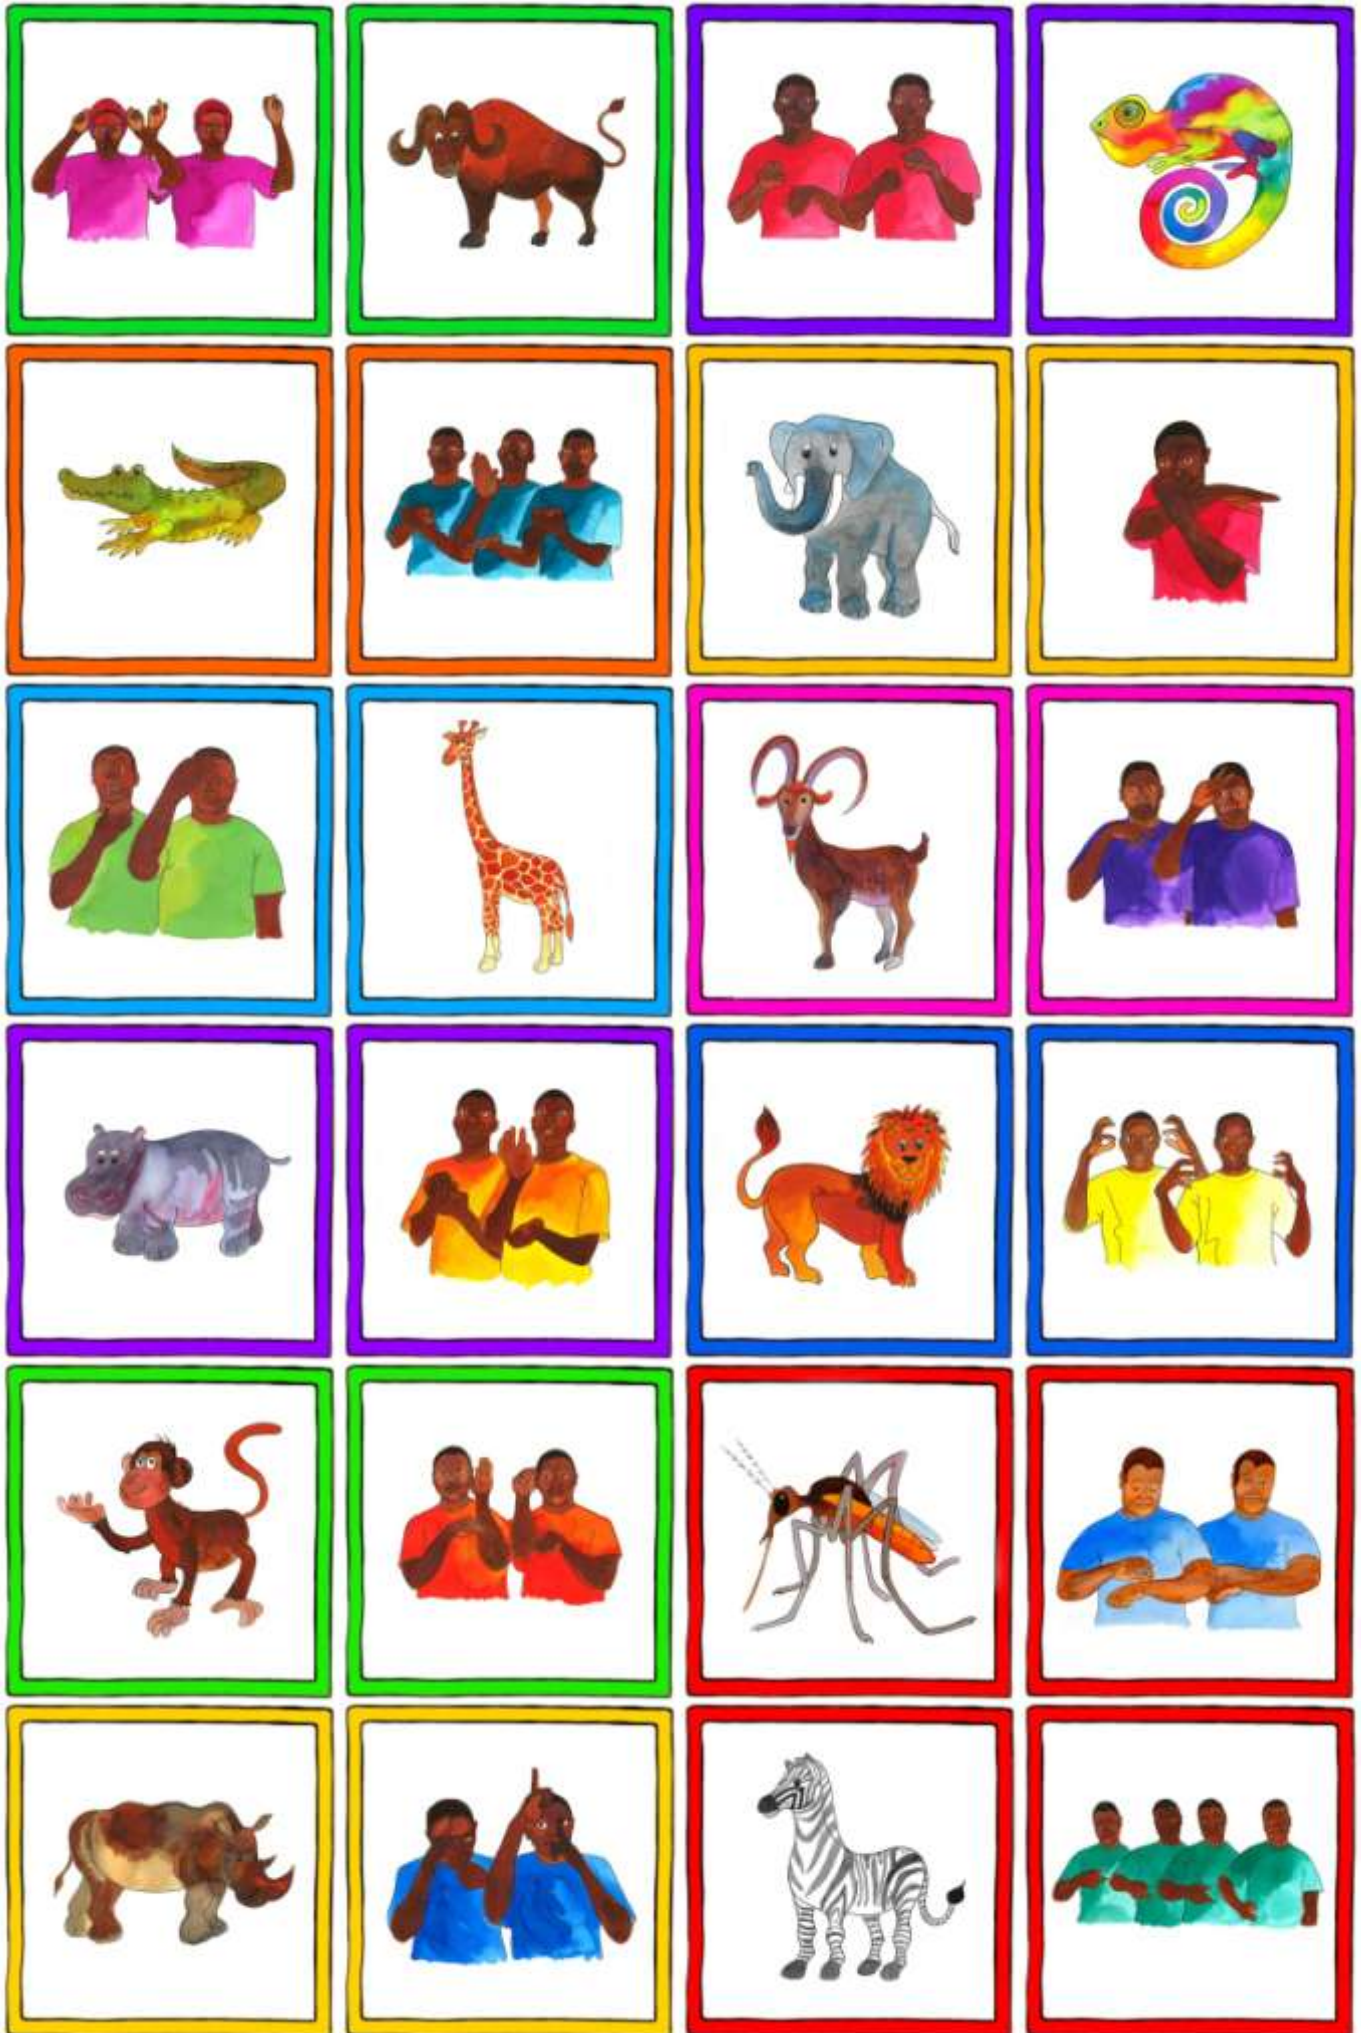

Cut out all the pictures and glue them on the wooden tiles.

When you are done you can varnish all tiles to make them last longer.

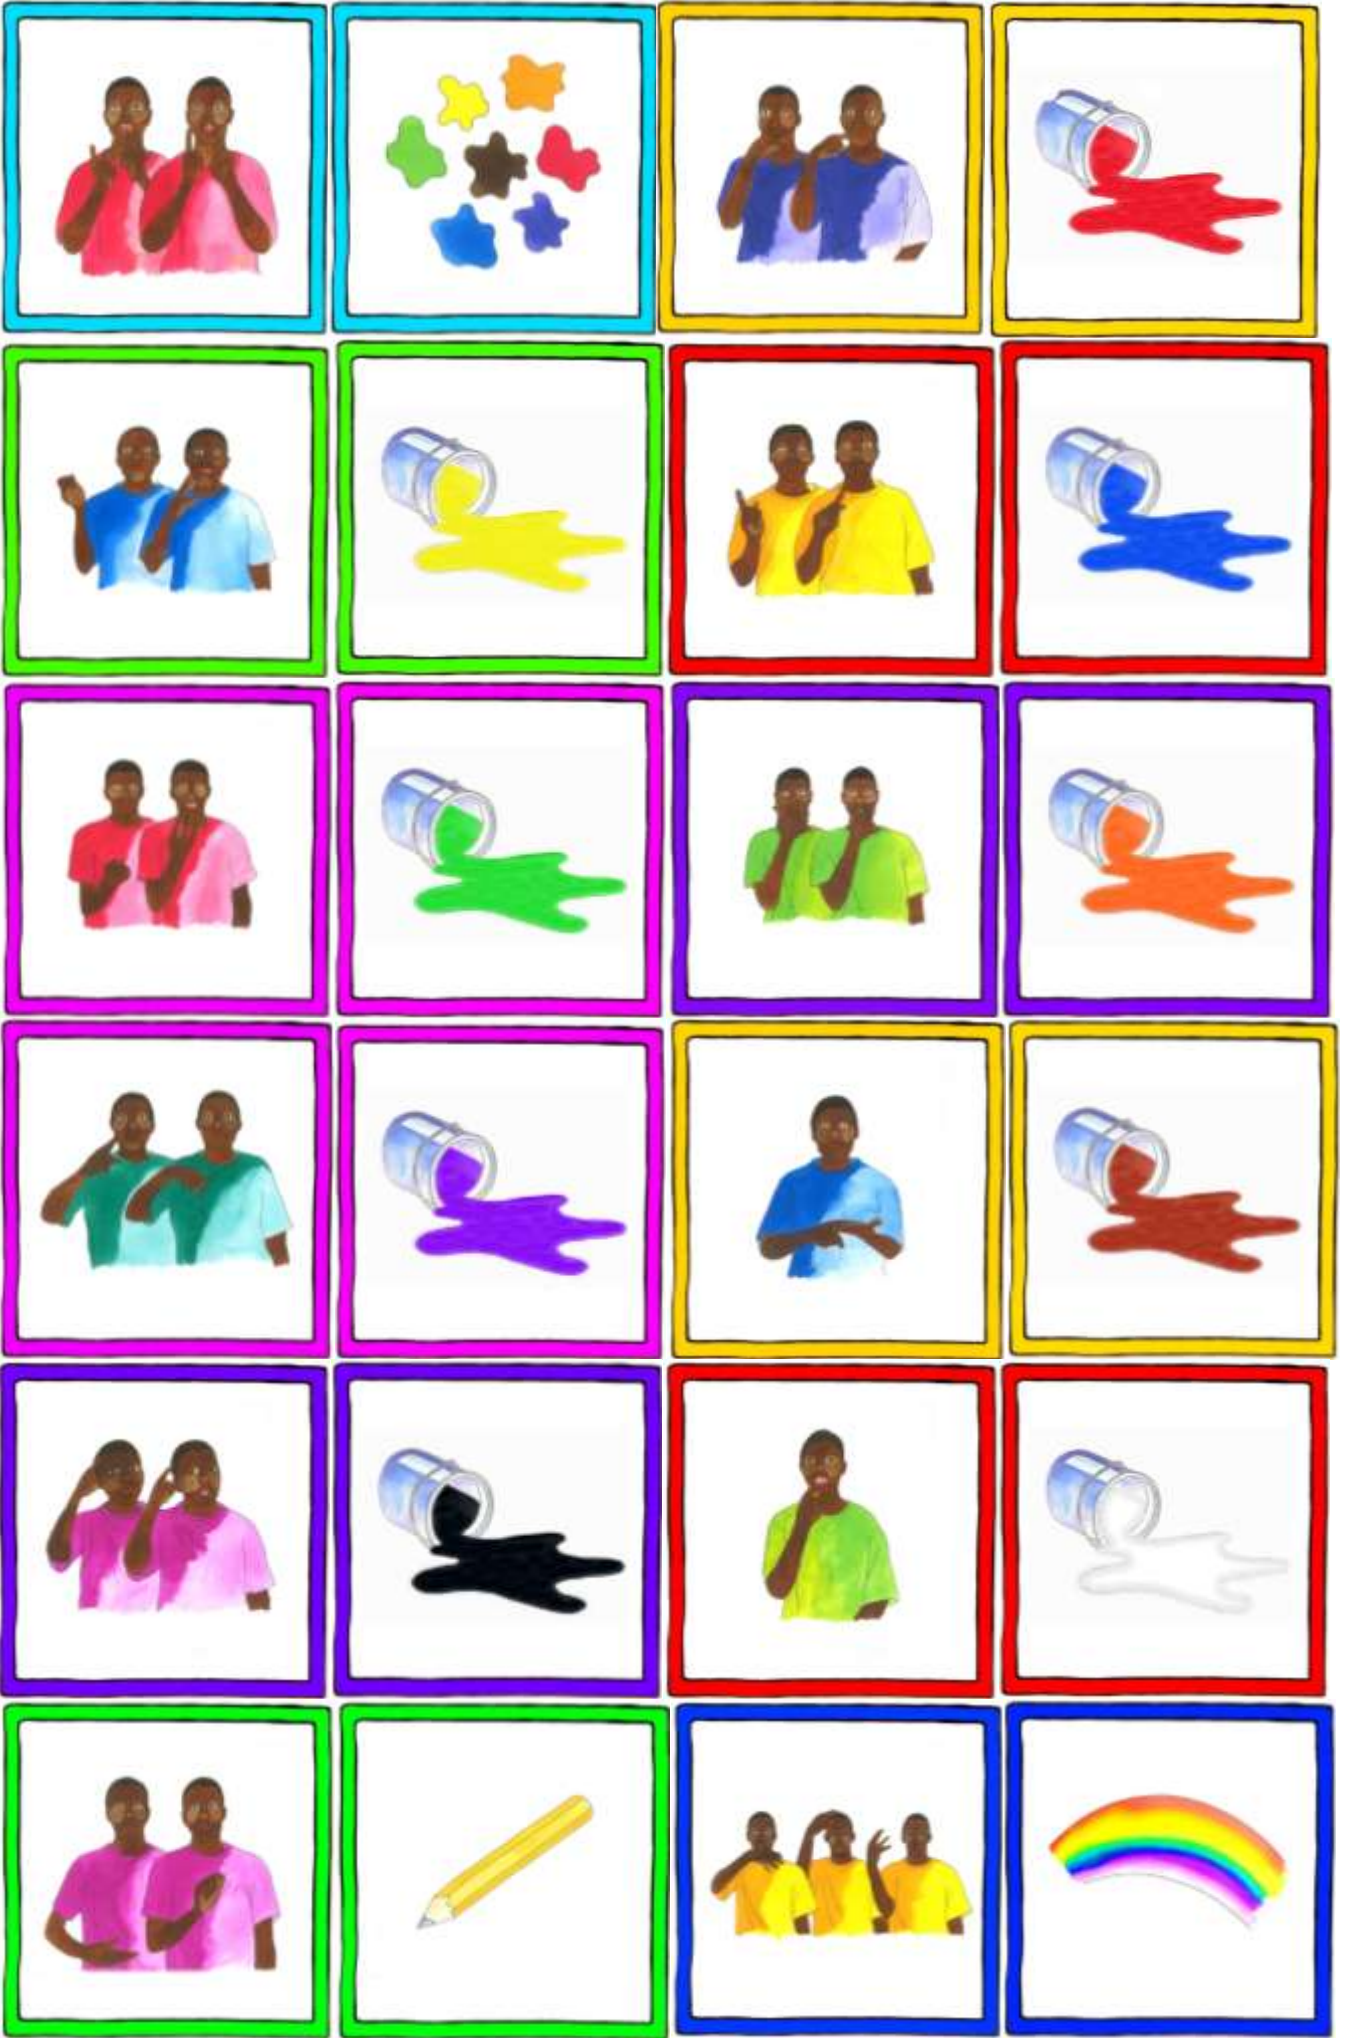

Then cut out all pictures to be put on the lid of the boxes.

Glue them to the lid and varnish the boxes as well.

And you are done!
